

UHC Activities & Events

The University Honors College strives to build community that is guided by a culture of inclusivity and engagement. This community is built on four (4) main principles:

- A place where the lines are blurred between faculty teaching and student learning.
- A place that is open, where students can be themselves and have the freedom to express their thoughts.
- A place where diversity is honored and aggressively pursued.
- A place where students take responsibility for the direction of their education and guide behavior of the common good.

Activities will be focused on establishing a stronger community through building three different types of connections. All activities will promote and provide opportunities for students to be a part of safe, open environments where differences are valued and embraced.

- **UHC Social and Personal Connections:** Provide opportunities for students to get to know other students, UHC faculty and staff and to develop social skills, networking skills, and enhance friendships.
 - Fall Induction & Orientation
 - Fall BBQ / Spring Picnic
 - Campus Forums / Symposiums
 - Dean & Friends Seminars
 - Thesis Fair
